The weather in Hondo the week has been of all varieties—clear, cold and wet, but cold the time. But it took Thursday cap the climax in the weather. Fog, such as would remind an Englishman of London, hung over the section until midday with a slight mist of rain occasionally. Practically all our people, including the editor of the Anvil Herald, are suffering from colds, and if the weather is agreeable he can call off any fear of protest from anyone in Texas.
According to the San Antonio Express' Austin correspondent, the location of the school, which has been bone of contention between Pearson and Pearson, has been located. Pearson. The Board of Education has sustained the local County School officials. The Express states the contest was between LaCoste and Pearson. This was an error as LaCoste had no part in the controversy, we presume the matter is now settled and Pearson will be the location of the New School.
Folkert Muennink was up from the farm Monday. He has some of his land broke for his next crop, and like everyone else, would like to have a good rain. He has some calves fattening for the early Spring market, consequently he is taking some interest in the trend of the market just now.

Weakening Night Coughing Banished Very Simple Way

It is really astonishing how a persistent, exasperating cough that has kept you awake night after night, and is rapidly wearing you down is usually stopped short by a very simple method. Hundreds have found that they can sleep the whole night through undisturbed often the first time they try it.

The method is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take a teaspoonful at night before retiring and hold it in your throat out following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. Getting at the cause like this, in a perfectly simple way, it stops the spells almost instantly, you get your best night's rest perhaps in weeks, and in a very short time the whole cough condition is gone.

This simple treatment is splendid not only for coughs and chest colds, but also for bronchitis, bronchial asthma, hoarseness and almost every kind of throat irritation, including children's spasmodic croup. Very economical, too, as the dose is only one teaspoonful. On sale at all good druggists. Ask for

MEDINA TOLL ROAD OFFERED TO STATE.

Company Willing to Sell Highway For Approximately \$100,000.

The six miles of toll road constructed and maintained by the Medina Toll Road Company can be bought by the State from its present owners for approximately \$100,000, according to Martin Wright, interested in the company.

A movement has been started by Fred Christilles, Joe Graneri and A. B. Wilson, owners of concessions at Medina Lake, to petition the Legislature to abolish the toll road.

"It is private property and cannot be confiscated by the State," Wright said. "They can have it, if we are reimbursed for the amount of money we have spent on it." He said his company had expended approximately \$100,000 in building and maintaining the road.

Wright said that frequenters of Medina Lake are not compelled to use the road. There is another road leading to the lake, which is only about one mile longer than the toll road, he said.

He said that his company has established fish hatcheries at the lake and is doing other things involving the expenditure of considerable money to make it an attractive place for fishermen. The toll road pays us back for these improvements, he said.

Wright said his company had contemplated putting a surface on the toll road at an expenditure of \$60,000 but that they had about abandoned the idea, since there is some probability of the lake being drained for irrigation purposes.—Tuesday's Express.

MEDINA PROJECT ELECTION CALLED.

Only Property Holders in Proposed District to Vote.

The Commissioner's Court of Bexar County Wednesday ordered an election for January 24 to determine whether or not a water improvement district for the Medina irrigation project shall be created in the LaCoste section of the county. Only property taxpayers who reside in the proposed district will be permitted to participate in the election. Polls will be opened at the home of Henry Haass, 1 1/2 miles east of LaCoste.

Commissioners' Courts of Medina and Atascosa Counties will order elections for the same date for the same purpose. This date for the elections was set by the State Board of Water Engineers December 30, when it announced its decision declaring the project a feasible one.

Five directors for the project will be chosen at the elections, and they will later submit a bond issue for financing the project. The bond election may be held about March 1.

It is planned to use the old irrigation canals, although new canals and laterals will be constructed. Work of preparing the land for disposal to settlers will begin probably in May or June.

William A. Trimpe, attorney for the C. W. McNear Company of Chicago has been here in the interest of the project for several weeks.—Thursday's Express.

500-GALLON STILL, OPERATING, SEIZED.

145 Gallons of Whisky, 450 Gallons of Mash Taken Near Castroville.

A 500-gallon still believed by prohibition agents to be the largest and best equipped still seized near here in recent years, was captured by agents on the bank of the Medina River five miles north of Castroville in a raid Monday night.

In addition to the large still a smaller one of 100-gallon capacity was seized in the same locality and 145 gallons of whisky and 50 gallons of wine. Officers also captured 450 gallons of mash.

The 500-gallon still was in operation when taken by the officers. The entire apparatus provided for a double distillation of the liquor, with a cooling system afforded by a pipe which ran into the river, causing the condensation of the vapor and its final deposit in a barrel at the end of the pipe.

Two men arrested and charged jointly with manufacture and possession of intoxicating liquor, possession of property designed for manufacture and distillation of intoxicating liquor.

Prohibition agents believe that they have cut off one of the largest liquor supply sources in the locality of San Antonio. Operators of the still are thought to sell the liquor chiefly by the barrel or in large quantities.—Wednesday's Express.

INSTALL ELECTRIC FIRE ALARM.

On the Hondo Fire Department have an up-to-date fire alarm. Contracts have been signed with company with Burke & Simms in Antonio for the installation of electric fire alarm, the work to be completed within thirty days. With new improvement Hondo will be one of the best equipped fire departments in West Texas. There will be three stations from which alarms will be sounded—the Telephone Exchange, the fire station, and the Hondo Light Plant. Each with a telephone can either of these stations in case of fire and the general alarm will be sounded, the mere punching of a button being all that is necessary to set the alarm in action. The completed system will cost approximately \$450.00 and the fire department has the funds on hand to pay the contractors. The electrical work will be supplied by the Hondo Power & Ice Company. The Hondo Fire Department and citizens in general have for some time been laboring to give the town fire protection and now that efforts have been crowned with success everyone feels more confident that the fire-fiend threaten to the property of the

Dr. N. D. Norton, manufacturer of a medicated stock salt, and well known to many of our readers as he resided for several years at D'Hanis, died in San Antonio Wednesday night. Deceased was seventy odd years of age.

Mrs. J. W. Heath has the sympathy of her friends in the death of her brother, Mr. Frank Galbreath, which occurred at Devine, at about 9:00 a. m. Thursday morning. Deceased had spent practically all of his life in Medina County. Mrs. Heath was at his bedside when the end came.

Chas. Deckert paid this office an appreciated call Thursday, and added Fletcher's FARMING to his list of papers. No matter how many other papers and magazines you read you should emulate Mr. Deckert's example and add FARMING. There is no other publication just like it.

Folkert Muennink moved up his dates another year and added FARMING also to his list of papers. We appreciate it when successful farmers like Mr. Muennink back up their appreciation of our farm journal venture with their hard cash.

Olin E. Lacy has been all but down and out for several weeks, first with a badly infected hand and later with rheumatism in his arms and shoulders. At last account he was much improved and thought to be on the way to permanent recovery.

Dr. J. M. McLeese and his father-in-law, Mr. John Koch, were out from San Antonio Wednesday on business and visiting relatives. While here they paid our office a fraternal call. Friends of Dr. McLeese and family will be glad to learn that Mrs. McLeese is improving in health.

J. D. Hueschen was a business caller at this office Wednesday and moved up the dates on both his own and his son's, Louis W. Hueschen's papers. Mr. Hueschen was carrying his left hand wrapped up, having had the misfortune to cut it severely by falling on the sharp edge of a stick of wood a few days ago. While still painful the wound was healing satisfactorily.

Harry Olswanger returned the first of the week from a visit to Mr. and Mrs. H. Hartman at Mercedes, down in the Valley. He says that is a great country down there and the people are prosperous. On reaching home he went down with the prevailing malady and is now in the Hurt Sanitarium. Mrs. Olswanger and children are protracting their visit at Mercedes.

Mr. and Mrs. Jacob Reilly returned from a visit to their children at various point, the last one on their calling list being Mrs. Dr. Rahm at Louisville, Kentucky. Mr. Reilly says he and his wife are thinking of returning north for the remainder of the winter as they are afraid they may freeze to death in sunshiny Texas.

MAVERICK MUSINGS.

On January 10, the Maverick school children and assistant school teacher surprised Mrs. J. E. Page (Principal) with a fruit shower at noon, it being her birthday. When the surprise was over the Parent-Teachers Association met. Mr. W. N. Saathoff, County Superintendent, Mr. Darrow from A. & M. College and Mr. J. P. Forgason, County Agent, were present and spoke about the advantage of club organization for the boys and girls, and the need for better methods in agriculture. After that the mothers served cake, hot chocolate and fruit.

Those present besides school children were: Mrs. J. E. Page, Miss Helen Floss, Messrs. W. N. Saathoff, Forgason, Darrow, Mr. and Mrs. O. J. Wurzbach, Mr. and Mrs. F. J. Wurzbach, Mr. and Mrs. F. L. Steubing.

All returned home very happy.

B. H. RECTOR, DEAD.

Mr. B. H. Rector, who underwent an operation for appendicitis at the Hurt Sanitarium some ten days ago, died at 5:00 o'clock Friday morning and his remains were interred in the Hondo Cemetery in the afternoon of the same day.

Deceased, who was about 43 years old, is survived by a wife and five children. He came to this section some five years ago and has been engaged in farming.

It has been difficult to learn much concerning the deceased in the brief time intervening between his death and press time and we will have to defer further mention, trusting some one else more familiar with his past history will furnish a more adequate obituary for a subsequent issue of this paper.

CHAMBER OF COMMERCE MEETING.

Only a few members turned out Tuesday night to the Chamber of Commerce meeting, and the business was discussed in an informal way.

It was mutually agreed to defer the election of Directors until the next regular meeting February 10th. It is hoped all members will keep this date in mind and be on hand promptly at 7:30 o'clock p. m. as it is important that several new Directors be elected.

Messrs. W. N. Saathoff and John M. Finger agreed to circulate a subscription list for renewal of Chamber of Commerce memberships and for renewal of the contracts for the night watchman and the street lights. These contracts must be renewed by February 1st.

CLUBS ORGANIZED.

More than 50 boys and girls in New Fountain, Sturm Hill, Rio Medina, Yellow Banks and Cliff Schools signified their intention of joining the Agricultural Community Clubs being organized by the County Agent. These schools were visited last Friday by J. P. Forgason the County Agent accompanied by Prof. W. N. Saathoff and W. H. Darrow of A. & M. College Extension Service. At each school a gathering of the parents welcomed the visitors who explained the purpose and meaning of the club work and at every school the proposition was accepted enthusiastically. The trip ended at Maverick School at Cliff with a fitting Climax in the form of a surprise birthday luncheon given for one of the teachers.

Mr. Darrow declared that the problems confronting farmers today are those of more economic production and marketing, both of which require cooperation to solve. "We must first learn to cooperate in our communities before we can expect to cooperate successfully on a larger scale," he said and stated that, "the hope of the country is with these boys and girls who can learn thru the agricultural clubs what we older ones haven't learned perfectly and that is how to cooperate together to make the community a better place to live in."

Mr. Saathoff in introducing the A. & M. workers, heartily endorsed club work and pledged the support of the schools in making the work a success.

A boy or girl who joins a club must be willing to work hard, to study hard, and to play hard, Mr. Forgason said.

The motto of the club members is: "To make the best better," whether it be corn, cotton, calves or chickens. The members grow an acre of some crop or raise a farm animal or chickens under the direction of the County Agent and their parents. Each member keeps a careful account of his expenses in a record book which is exhibited at the end of the year with a sample of the product at the annual club show. Once a month all the members in the school meet for an instructive program prepared by them, following which the County Agent gives instructions in judging livestock, grain, or poultry or in inspecting the members projects.

LaCoste, Shookville, Black Creek, Biry, Yancey, Seco, D'Hanis, and Kincheloe Prairie are to be given a chance to organize community clubs under the supervision of the County Agent. Any other schools desiring to form these clubs should communicate with J. P. Forgason, County Agent, Hondo.

"One of the Medina County Baby Beef Calves ought to take the Grand Championship at Ft. Worth Fat Stock Show next March," declared W. T. Magee of the Medina Hereford Ranch the other day after visiting the boys and their calves. He went on to say that bankers in San Antonio had pledged \$500 to be given as prizes to the boys showing the best calves there this spring.

The baby beef club includes Medina, Bexar, Gillespie, Frio and Bee Counties where some 60 boys and girls are raising the finest beef to be found anywhere. "These calves ought to sell for a premium at Ft. Worth," says J. P. Forgason, our County Agent, who has charge of the clubs here. Some of the calves, only slightly better than yearlings, already weigh over 900 pounds, and the entire bunch will average 800 pounds.

What They Say About Agriculture Club Work:

Bro. Foerster, New Fountain: "Boys and girls clubs are a wonderful opportunity for improving our community, you should see how they work in Gillespie County."

Mr. Balzen, Sturm Hill: "I think they are a good thing. When the children understand them a little better they will take hold all right."

Mr. Bippert, Rio Medina: "Give me a card for my boy, I want him to join."

Mr. Haegelin, Yellow Banks: "We ought to encourage our boys and girls in this work. It is all right."

Mr. O. J. Wurzbach, Maverick: "We ought to have the best community club in Medina County here."

CONVERSATION OVERHEARD ON STREET.

JONES: "What did you give for that car, Smith?"

Smith: "Thousand and fifty, what did you pay for yours?"

Jones: "Oh, I bought a Ford, only cost me Four Fifty."

Smith: "What do you figure you save buying that priced car?"

Jones: "Just Six Hundred to begin with."

Smith: "What about the up-keep, the cost in the end?"

Jones: "It is generally conceded that the Ford Car has the greatest second hand car value, but for the sake of argument, let's suppose that your car and mine will depreciate the same each year, which according to average depreciation figures amounts to 35% the first year, 15% the second year and 10% each year following."

Smith: "What's that got to do with it?"

Jones: "Just a little late to tell you Smith. You've already bought. But here goes: You paid \$1050 for your car. I paid \$450 for mine, a difference of \$600. That \$600 invested in a more profitable proposition that you have already chosen would have brought you 6 to 8% interest or \$36.00 to \$48.00 for twelve months."

Smith: "Sounds pretty good."

Jones: "Your car will depreciate 35% of the original cost the first year, or \$367.50. Granting, for the sake of argument that mine will depreciate in the same ratio here is another difference of \$210 in my favor."

Smith: "That's right."

Jones: "That's a total of approximately \$250. Now you'll drive your car at least as much as I do mine and I figure I'll drive mine 5,000 miles the first year."

Smith: "Yes."

Jones: "Well then, divide that \$250 by 5,000 miles and you will see that it's going to cost you 5-4 cents more per mile to drive your \$1050 car than it does to operate my \$450 Ford, and I'll go any place you will. Yes, and I will have much more comfort driving my Ford car through the city traffic than you will driving your big car, not to mention the easy time I will have parking my car compared to parking yours."

Smith: "I never thought of all those things, Jones."

Jones: "I did. And furthermore it's useless to mention the additional necessary expenses to operate the cars. Your insurance will be about the same as mine. We'll say you will not spend any more for gas and oil than I will, and give you an even break on the tires, though it will cost you considerably more to replace those 32x4 cord tires than it will for me to replace my 30x3 1/2 fabrics. And remember, Smith, the repairs are the most important expense of up-keep. You'll be paying \$50 for a radiator when I'm only paying \$17.50; or 9.50 for a front fender while I will only pay \$4.00."

Smith: "Say, Jones, where were you yesterday, ten minutes before I bought this car?"

Jones: "round at CARTER & BADER'S buying this Ford."

BEAUTIFYING HIS STORE.

The interior of Windrow's Drug Store looks like the full force of a cyclone had swept through it, but soon the wreckage will be removed and where now is confusion will soon be order and beauty. Workmen are giving the interior a through renovation, all old shelving is being torn out and new is being installed. When the work now underway is completed Windrow's will be a beauty spot, and all goods behind glass.

Windrow's has always been one of the most popular resorts in the town, and now, with the new improvements and facilities for handling the business, will become more popular, if such a thing is possible, than heretofore.

JOSEPH HUESSER, SR.

Joseph Huesser an old and highly respected citizen died at his home here at 6:20 Monday evening, Dec. 29th, 1924, after an illness of but a few days duration. The immediate cause of death being old age.

Joseph Huesser was born at Wittelsheim, Elsass-Lorraine, France, on Dec. 16th, 1837, was therefore 87 years, and 13 days old at the time of his death. He came to this country in the year 1866. In the years of 1870 and 1871 he served as a ranger in Capt. Richards' Company against the Indians, and when that company was mustered out of service, he came back here and was married to Mrs. Bilhartz, nee Schwendemann, who survives him, of which union there were 8 children, namely: Joe and Eugene Huesser, of Hondo, Fritz Huesser, Mrs. Joe Grimsinger, Mrs. Charles Marty and Mrs. Ed Naegelin of San Antonio, and Mrs. Ed. Tschirhart from here. Mrs. G. B. Noonan preceded him in death some 6 years. He also leaves surviving him one step child, Mrs. Paulina Tores, of San Antonio, and two brothers, Theodore Huesser of San Antonio, and Rev. Father Eugene Huesser of Alsace-Lorraine, France, also 27 grand children, and many other near and dear relatives to mourn his demise.

The last services were held at the home Wednesday morning, December 31st, at 9:30 A. M. by Rev. Father Heckmann. After a Mass Requiem in the Catholic Church, the remains were carried to the Catholic Cemetery and interred, where he now rests in peace from his earthly labors, to rise again on Judgment day. The St. Louis Society of which the deceased was a member attended the funeral in a body.

A large concourse of sorrowing relatives and friends followed the remains to its last resting place.

After life's fitful fever, in which he bore much in the way of bodily affliction with a patience and fortitude as remarkable and praiseworthy as it is rare in poor frail human-kind, he fell asleep, like a little child going into peaceful, restful slumber, made confident and unafraid by the strength of that sublime faith and trust that has sustained him through his long life of varied experiences and the lonely years of darkness and silence.

It is not for us to weep for the departed, but rather to compassionate ourselves for the loss of a loved one whose life was so rich by way of example in the glorious attributes of a sustaining faith and hope.

The entire community sincerely sympathizes with the bereaved ones, in their hour of sorrow, and may they be consoled by the fact that their dear father is now in that home above not prepared by hands. May he rest in Peace.

PHILATHEA CLASS.

The Philathea Class met with Mrs. J. A. Horger on Tuesday afternoon for the study of the 19th Chapter of Matthew. Roll call was answered with verses from the lesson and Mrs. Horger read an appreciative letter from the orphanage regarding the class' Christmas gifts of hose to them.

Mrs. Barnes directed the course of study very interestingly.

The next meeting will be with Mrs. Jesse Newton, with the 20th Chapter of Matthew for study.

Mrs. Horger served a very lovely fruit salad course with hot tea to Mesdames Harper Fly, Jesse Newton, Frank Cockrell, Theo. Barnes, Sidney Fly, Will Connelly, Bettie Merriweather, F. H. Schweers, and Misses Willie Dee Fly and Bertha Newton.
